## >>> WHAT IS CIRCUS ARTS SOCIAL SUMMER?

Circus Arts Social Summer (CASS) provides a chance for participants to learn exciting circus skills and experience Sensations TheraFun™ - the Multisensory Activity Center right here in Atlanta! This fun happens in a cooperative environment while focusing on community building, teamwork and safety.

### EVERY CHILD CAN BE A CIRCUS STAR FOR THE WEEK!

All programs are under the direction of adult circus stars and a Licensed Clinical Social Worker - we will work with both the physical and social aspects of timing; not only of when to do a trick, but also when to speak and when to listen.

Through this form of movement we work on balance, strength, coordination and flexibility.

## >>> WHO IS THE CIRCUS ARTS SOCIAL SUMMER PROGRAM DESIGNED FOR?

CASS is open to children and teens, ages 5-12. The program has been specifically designed for children with special needs, including learning differences, using Carrie's approach and methodology.

This program is for children and teens who like to stimulate their imagination and creativity in a playful, social setting.

CASS provides a place for the child or teen who has trouble in large groups and might require a high staff to student ratio.

Participants may be going through a rough time in their lives and need extra attention or they may be withdrawn and difficult to engage in conversation and activities.

*Learning these fun and unique circus skills your camper will experience "THERAPY IN ACTION."*

## CIRCUS ARTS SOCIAL SUMMER WILL INCLUDE SPECIFIC ACTIVITIES TO ENCOURAGE AND ENHANCE:

- Bilateral coordination skills
- Muscle strength, including core muscles
- Crossing the midline abilities
- Brain and body balancing
- Self esteem
- Teamwork
- Ability to overcome fears
- Communication with peers
- Balance, flexibility & coordination
- Focus and attention

### ACTIVITIES WILL INCLUDE:

- |                                |                            |
|--------------------------------|----------------------------|
| Low Trapeze                    | Juggling Scarves and Balls |
| Soft Rope Climbing with Tricks | Monkey Bars                |
| Triple Trapeze                 | Bike Track                 |
| Climbing Walls                 | Crash Cushion Jumping      |
| Bubble Blowing                 | Tight Wire Walking         |
| Buddy Walkers                  | 55' Zip Line               |

*My son Gabriel's sensory challenges can make interacting with the world an exhausting prospect for him. Consequently, he usually prefers to spend his free time at home. Circus Arts has proved a notable exception: After just one session with Carrie, the words "Circus Arts" are enough to get Gabriel to put his shoes and jacket on and head for the car. In addition, Carrie's "no-such-thing-as-can't" philosophy quickly overcame Gabriel's typical reluctance to try new experiences. He's eager to see what he'll get to do each week, and proud to demonstrate each new skill he learns. Based on our family's experience, I firmly believe that Circus Arts is a worthwhile experience for any child with sensory challenges. - Alison Auerbach*

**Carrie Heller, MSW, LCSW**, Founder & Director of Circus Arts Institute, is a Professional Trapeze Artist as well as a Licensed Clinical Social Worker with over 35 years experience in the world of circus arts and over 20 years of experience as a therapist.

She served as Director of Clinical Services at The Bridge Runaway Shelter in Atlanta before going into private practice and founding Circus Camp in 1993.

In her *Circus Arts Therapy*® practice, Carrie assesses each child's physical capabilities and then designs a series of activities using the Circus equipment for them to work on - one on one - as well as with the group, thus attending simultaneously to other emotional and social aspects of the child's development.

*\*Individual and family therapy available, rates & fees vary based upon group size. Please refer to website for further details: [www.circusartsinstitute.com](http://www.circusartsinstitute.com)*
