

Teacher Trainee Name: \_\_\_\_\_  
Apparatus Certifying: \_\_\_\_\_

## **Circus Arts Institute Teacher Trainee Insurance Disclaimer**

I have heard, read and understood that training with or being certified by the Circus Arts Institute ("CAI") does not provide me liability insurance coverage from the CAI, Carrie Heller, the ACE Circus Safety Program or AYCO.

I understand that prior to teaching/spotting/training students on aerial equipment, I must be covered by a liability insurance policy through my employer, studio or obtained for myself.

I have read and understand the below recommendations given by the Circus Arts Institute as to appropriate coverage for spotters/trainers/studio owners.

I understand that these recommendations are not professional advice and all aerial spotters/trainers should seek professional advice from an insurance professional as to appropriate coverage.

### **Insurance recommendations to the Teacher Trainees:**

This information is designed to convince you of the need of proper insurance coverage in the case of a student's injury. This is not professional advice. We first suggest that all spotters/trainers/studio owners talk to an insurance professional before taking on students.

- If you are hired to teach by a person/company, make sure employer has included you on their liability insurance policy before beginning spotting/teaching/training
- If you are purchasing your own policy, be sure to do that before working with students.
- Ensure that your equipment is covered in your insurance policy.

I have had sufficient opportunity to read this entire document. I have read and understood it, and hereby release, indemnify and hold harmless CAI on behalf of myself, my spouse, my children, my parents, my heirs, assigns, students, trainees, personal representative and estate from any and all claims which are brought by, or on behalf of Trainee, and which are in any way connected with such use or participation or training by Trainee.
